consumes about one-fourth of the nation's output of structural steel framing.

Following McNamara's lead, Undersecretary of Commerce LeRoy Collins directed buying offices in his department "to purchase structural steel at the lowest possible price." Like McNamara, he instructed them to see that prime contractors impose the same policy on their subcontractors.

The General Services Administration, which manages public buildings construction, used similar language in an order affecting not only direct and indirect government outlays but also any building financed by federal grants-in-aid.

The federal highway administrator, Rex M. Whitton, spelled out the new rules in telegrams to field offices of the Bureau of Public Roads.

"Until further notice," he said, the officers are not to incur in contract awards by states of federal-aid projects unless the state highway departments and the bidders show that the prices for furnishing structural and reinforced steel "are not greater than prices prevailing prior to Jan. 1, 1966."

Federally aided bridge and highway construction represents the bulk of the government's consumption of structural types of steel. The Jan. 1 freeze date fixed by Whitton would bar from such business Bethlehem and the companies which followed its price leadership.

None of the orders mentioned Bethlehem or the other companies by name, but economist Ackley said his statement was made in response to requests for comment on Inland's price boost.

Union Leader

Continued from Page One

tion, said the union leaders would stay behind bars until "in good faith" they ordered their men back to work.

Quill had declared he would "rot in jail" before ordering an end to the crippling strike.

Meantime, the Commerce and Industry Association revised its \$40 million-a-day estimate of the strike's economic impact.

"When you consider how many banks, retail stores and restaurants which are affected, and how many stores close early or restaurants which don't open at all, then the figure could run up to \$100 million," a spokesman said.

The city obtained the injunction under both the common

Two Arkansans Killed in Wreck

PLAQUEMINE, La. (AP) — Harvey Evers, 55, of El Dorado, Ark., and Sam Graffia, 60, of Maringouin, La., were killed Monday in a car-pickup collision one mile north of Addis on Louisiana 1. Addis is eight miles southwest of Baton Rouge.

Enemy Strikes

Continued From Page One

was shot down by ground fire. The pilot bailed out and was picked up by an Army helicopter, a spokesman said.

The Viet Cong made two small probes in Bien Hoa Province 20 miles northeast of Saigon, overrunning one squad-sized government outpost. The government defenders at another outpost beat off the Viet Cong and took two prisoners.

In the coastal fighting 12 miles south of Tuy Hoa, both sides used chemical warfare. The Koreans employed non-lethal tear gas twice and the Viet Cong attacked with flamethrowers, the spokesman said.

The battle erupted on the fourth day of a joint Korean-Vietnamese sweep dubbed Operation Jefferson.

The Koreans lobbed tear gas into a cave 1,500 yards in a rocky hillside and flushed out 27 suspects Monday. Tear gas was used again today when gas grenades were dropped from light planes in an area where Viet Cong wer holed up.

The Communists attacked a government post near Tuy Hoa with flamethrowers Monday but

law and the state's Condon-Wadlin Act forbidding strikes by public employees.

Mayor John V. Lindsay again walked to his office today, a 60-block hike he started before dawn, then broadcast another appeal to the metropolitan area's 15 million residents to stay away from the city unless absolutely necessary.

The auto rush had built up long before, however. By 5 a.m., some two hours before daylight, traffic was heavy on the Queens approaches to Manhattan. Within two hours, Bronx and Queens stations of the New York Central and Long Island railroads were jammed with persons who normally use city transportation to get to work.

"It looks much worse than Monday," said Traffic Commissioner Henry A. Barnes as he received reports of bumper-to-bumper traffic crossing the tunnels and bridges into Manhattan. "The situation is more critical than Monday."

THE DOCTOR'S MAILBAG

Careful Use of Enema Advised for Constipation

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

Q—Is it harmful to take an enema every morning for constipation?

A—This should not be necessary if you regulate your daily intake of vegetables and fruit. Some persons need almost none and others need 5 or 6 large helping a day to produce a formed stool.

Enemas have their legitimate use but are generally much abused. For the relief of true constipation (hard, dry, difficult stools) an enema of more than 6 or 7 ounces should never be taken because what you want to accomplish is to empty the rectum—not the entire colon. Nothing should be added to the water used for the enema. Soap or turpentine will irritate the bowel and are not needed.

I advise that a small enema

they were beaten off. A military spokesman said it was the first time the Communists had used flamethrowers, believed to be of Chinese make and from a North Vietnamese army unit.

U.S. troops have been authorized for some time to use tear gas in special instances, and they used it Sunday in the Mekong Delta operation, apparently with little effect on the Viet Cong. The use of tear gas by the Koreans was the first indication they had received such instructions.

As the U.S. paratroopers in the Mekong Delta neared the Cambodian border, Cambodia warned it would send troops into South Viet Nam if South Vietnamese or U.S. forces crossed the border.

Prince Norodom Sihanouk's government, in a letter to U.N. Secretary-General U Thant, forwarded a resolution of the Cambodian National Congress saying Cambodia is "determined to defend its territory and air space against criminal and unjustifiable aggressions of the United States forces and their accomplices."

"Cambodia will respond to every act of war by an act of war," it added.

The resolution denied U. S. charges that the Viet Cong are using Cambodia as a sanctuary and staging area for attacks on South Viet Nam. On Dec 21, the U.S. State Department said American military commanders had been authorized to pursue retreating Communist forces into Cambodia if they were still firing.

of plain warm water be taken only after 48 hours have elapsed following a formed stool or 72 hrs. following a soft, formless stool. The secret of success with such an enema is to hold it for 5 or 10 minutes before passing it. If this doesn't work try adult size glycerin suppositories. The too must be held for 5 or 10 minutes to allow your body temperature to melt them.

Q—My mother paid me a visit and saw me using cracked eggs. She said I should never use them. What would they do to me?

A—Never is a long time! Eggs that have cracked may harbor Salmonella organisms, a bacterial food poisoning. For this reason many people discard them to be on the safe side.

They should never be used raw. Heat will destroy the germ but if the eggs are fried or soft boiled there is a good chance that all the organisms will not be killed. If you must use them, hard-boil them.

Q—When the weather is cold my fingers turn white and numb. Hot water doesn't help. Only massaging my hands will get the blood back in my fingers. What causes this and what can I do?

A—You probably have Raynaud's disease, a condition in arteries of the fingers. Exposure which there is a spasm in the to cold may trigger an attack but in some persons an emotional upset will do it. Although placing your hands in hot water does not relieve your attack, taking a hot bath or hot drink may do so.

This condition is a nuisance—not a threat to life. Furthermore there is no danger of gangrene, with loss of your fingers, in cold weather. Some women with this disease are benefited by female hormones or tolazoline, don't smoke. On the other hand the judicious use of alcohol sometimes helps. If all else fails you might consider moving to some tropical paradise.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters he will answer letters of general interest in future columns.

He is survived by his wife, a son, Leroy of Hope; a daughter, Mrs. Hershal Smith of Buckner, a brother, Grady Cameron of Little Rock; four sisters, Mrs. Joana Lewis of Waldo, Mrs. Vera Hudson of Shreveport, La., Mrs. Ethel Reece of Hope Rt. 2.

160 Education Projects

LITTLE ROCK (AP) — "The State Education Department said Thursday that \$11,849,297 had been allocated to 160 Arkansas projects under the federal Elementary and Secondary Education Act.

Education Commissioner said

Youth Asked For It

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help US!, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage question to YOUTH ASKED FOR IT, care of Helen Help US! this newspaper.

Tomboy Progresses To Boy Problems

Dear Helen: Maybe you remember me. I wrote to you for years ago about my being a tomboy. Well, thanks for your help. Everything's fine now. But I have another problem.

I'm 16 and going with a boy who is very nice. That isn't the problem. His friend is. The other night this friend met me at the store and offered to walk me home (he lives near me). Well, because he is a good friend of my boy friend, I thought it was fine, but when he got to my front porch, he grabbed me and started getting fresh. Well, I slapped him and said I would tell Greg (my fella). I don't want to break up their friendship but if I don't tell, Chuck (the wolf) will think he can get away with anything. So what's a girl to do? — Confused Ex-Tomboy

P.S. Don't think I'm that type of girl because really I'm not. If I were would I be writing to you? — C. E. T.

Dear Confused: As I remember it, four years ago I said, "Be glad you're a tomboy because they have more fun, and with a little polish, make the best all-around girls." Congratulations. You've arrived!

But remember, "Best all-around girls" don't tattle, and Tomboys can take care of themselves. That slap should put wolf-boy in his place, and your silence won't give him ideas — except that he'd better not push his luck! Tell him you'll accept the apology you expect him to make and forget it. — H.

Tell Her To Go Take A Walk
Dear Helen: I was going with a girl for three months and then she broke up with me because I don't have a car and we had to walk down town to

about 50 additional applications were being processed. The federal act is designed to help disadvantage school children.

the movies, which got her wet when it rained. Until summer, she said.

So I took my ring back and went with one of her best friends. That did it. Now the first girl wants the ring back, but I like the new girl better. She doesn't mind walking.

But Girl "A" says the bust-up was only temporary and I'm a dog for two-timing her. I said can't we all be friends, and she said no. Girl "B" is now her enemy. What shall I do? — Brad
Dear Brad: Tell Girl "A" to go take a walk — alone. — H.

Dear Helen: I guess you know how easy it is to get pep pills and goof balls around school.

Sometimes the kids even give them away. I was having a lot of trouble at home and then I had even more trouble with a wild boy friend, so I asked a girl to get me some to try. It made everything kind of float away, so I started buying them. It's been two weeks, almost, and I know I have to stop — but I'm ready to climb the walls. I'm doing all kinds of exercises and keeping awfully active and trying not to think, but, Helen, do you think I'm addicted? The trouble with my parents hasn't cleared up and maybe it would serve them right. . . — New Yorker

Dear New Yorker: No, you aren't addicted — yet, but if

you don't straightened out as of NOW, You'll have more trouble than you can handle, very soon. You MUST tell your school counselor where you got those pills, and let her take it from there. She'll alert your parents and find help for you. And I do hope you discover they're your best friends, after all. — H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bottel in care of Hope Star.

Infected Syphilis
ATLANTA, Ga. (AP) - The U.S. Public Health Service says reported cases of infectious syphilis continued to increase in the United States during the fiscal year ended June 30. The service said 23,250 cases were reported as compared with 22,733 in the previous fiscal year.

Famous Collection
NEWPORT, R. I. (AP) - A world-famous 18th century collection of French art and porcelain has been given to the Boston Museum of Fine Arts. The collection was that of the late Forsythe Wickes of Newport and New York City. The collection was valued at \$2 million by a city tax appraiser.

used to take the queen. Therefore West holds this ace and South cannot win this trick with his king. On the other hand, the ace may be alone by this time in which case West must play the ace on any card South selects.

South plays low. West must play the ace and now all South has to do is to draw East's last trump when he gets back in the lead.

Follow the champions to improved bridge. Get your copy of Oswald Jacoby's face-packed booklet, "Win At Bridge," available to readers of Hope Star by sending your name, address with zip code and 50 cents to: Hope Star, Hope, Arkansas.

Q-The bidding has been: West North East South
Pass 1NT Pass 1
You, South, hold:
AKJ1098 AK32 K5 42
What do you do now?
A-Bid four spades. A three-heart bid is tempting and might get you to a heart slam but no matter if your partner raised your hearts, you would be nervous about your own trump holding.

TODAY'S QUESTION
Instead of responding one no-trump, your partner raises to two spades. What do you do now?

Thought For The Day
The interests of childhood and youth are the interest of mankind. - James said it.
Letter To March Of Dimes Volunteers
Have you ever asked yourself the question, "What is a child's life worth?"
Each and everyone of us would answer this in many ways. Obviously, we could not put a dollar sign in front of a child. A child, to some, represents hope. A child, to others, represents a new world. To some a child represents the future. To all a child is life.
As we embark upon a new campaign for the National Foundation - March of Dimes, could you not ask yourself, "Is a child's life worth calling on additional home in the Mothers' March? Is a child's life worth contacting five more friends for a special gift? Is a child's life worth making sure that every home in your community receives a March of Dimes mailer? Is a child's life worth organizing a good teen program, since they have a stake in the future? Is a child's life worth that additional effort for the added dollars needed in the fight against birth defects?" I am sure that you would answer all of the above questions in a positive way.
We cannot put a dollar sign on a child. But we as volunteers of the March of Dimes can make sure that the babies of tomorrow will have a better chance and a better world.
Together we will write new pages of life. Pages that will be filled with joy, with hope, with beauty. Pages of life that will not be marred with birth defects.
Gratefully, A March of Dimes Volunteer

Duke Retains Hold on Nat'l Basketball Poll

By THE ASSOCIATED PRESS

St. Joseph's of Pennsylvania, Providence, Western and UCLA, each a winner of a holiday tournament last week, have gained considerable ground in the latest Associated Press major college basketball poll.

Duke remains a solid leader, while unbeaten Kentucky rushed up to take second place. The Blue Devils from Durham, N.C., garnered 389 points, including 10 for each of the 34 first place votes they received in the balloting by a special panel of 42 regional experts.

Duke has won seven games in a row, including victories over Notre Dame and Wake Forest last week that lifted its record to 9-1.

Kentucky advanced from fifth to second after beating Notre Dame 103-69 for its eighth in a row. The Wildcats had five first-place votes and 299 points.

Vanderbilt is third. Then came St. Joseph's, Bradley, Providence, Iowa, Brigham Young, Texas Western and UCLA. The voting was based on games through last Saturday.

Vanderbilt, the runner-up a week ago, slipped to third after losing to Southern California in the Los Angeles Classic. It was the Commodores' first loss of the season.

St. Joseph's, winners of the Quaker City Tournament, climbed from eighth to fourth. The Hawks are 9-2. Bradley fell two places to fifth after losing to Indiana. Providence, the ECAC Holiday Festival champion, jumped from 10th to sixth.

Iowa, loser to Texas Western in the Sun Bowl final, dropped from fourth to seventh. The triumph helped Texas Western, 10-0, move into the No. 9 spot. The Miners were unranked last week.

Brigham Young slipped two notches to eighth after losing for the first time, 71-69 to LaSalle. UCLA, the 1964-65 NCAA champion, moved back into the rankings. The Bruins took over 10th place after winning the Los Angeles Classic.

Michigan, No. 7 a week ago, and Minnesota, No. 8, dropped out of the Top Ten. The Wolverines have lost four games and the Gophers three.

The Top Ten, with first-place votes in parentheses, records through games of Saturday, Jan. 1, and total points on a 10-0-0 basis:

1. Duke 34 9-1	389

MOBILE, Ala. (AP) — Alabama quarterback Steve Sloan, nursing some sore ribs bruised during his Orange Bowl appearance, was expected to practice today with the South All-Star for Saturday's annual Senior Bowl football game.

Sloan, who hattered all-time Alabama passing records and a couple of Orange Bowl marks too, was examined by the Senior Bowl physician Monday after he and three other Crimson Tide players arrived from Miami.

The South All-Stars ran through their first practice sessions Monday, with the quarterback chores being handled by Randy Johnson of Texas A&I. Johnson spurred the South to a victory in the Blue-Gray game at Montgomery on Christmas.

Hope Star SPORTS

Alabama in Top Spot and Porkers No. 3

By BOB GREEN

Associated Press Sports Writer

Alabama's Crimson Tide, overwhelming victor over Nebraska in the Orange Bowl, was named the national collegiate football champion for the second straight year today in The Associated Press final poll of the season.

The verdict of a nationwide panel of 57 sports writers and sportscasters made it three titles in five years for Coach Paul (Bear) Bryant, and gives 'Bama permanent possession of the big, silver AP trophy.

Ironically, when the Tide won last year, the poll was taken at the close of the regular season and 'Bama went on to lose to Texas in the Orange Bowl.

This year the final poll of the season was conducted after the New Year's bowl games — the first time it had been held until after the bowls — because the six top teams were in action New Year's Day.

And it was the unprecedented defeat of three hitherto unbeaten teams in the bowl games that vaulted Alabama to the national title.

Alabama, with an 8-1-1 record, was ranked fourth behind unbeaten Michigan State, Arkansas and Nebraska going into the New Year's games.

Top-ranked Michigan State was upset by UCLA 14-12 in the Rose Bowl, No. 2 Arkansas' 22-game winning string was halted 14-7 by Louisiana State in the Cotton Bowl and Alabama crushed No. 3 Nebraska 39-28 in the Orange Bowl.

Michigan State slipped to second and Arkansas to third in the final rankings. UCLA moved up from fifth to fourth and Nebraska dropped to fifth.

Following in order were Missouri, 20-18 winner over Florida in the Sugar Bowl, Tennessee, 27-6 winner over Tulsa in the Bluebonnet Bowl, LSU, Notre Dame and Southern California.

Teas Tech, ranked 10th at the end of the regular season but upset 31-21 by Georgia Tech in the Gator Bowl, dropped out of the Top Ten and was replaced by Louisiana State.

Alabama polled 37 of the 57 first-place votes and piled up 537 points on the basis of 10 for a first-place vote, nine for second, eight for third, etc.

Michigan State collected 18 first-place votes and 479 points, while Arkansas and UCLA both were named first on one ballot. Arkansas received 413 points, UCLA 391 and Nebraska 358.

Alabama is the first team to win consecutive national titles since Oklahoma accomplished the feat in 1955 and 1956. 'Bama's two straight championships go with the 1961 title to Day.

The North Stars also worked out, suiting up in sweat clothes for a session. Tulsa's Bill Anderson directed the North offensive unit. With him in the backfield were Bob Daugherty of Tulsa, Don Kunit of Penn State and Walt Garrison of Oklahoma State.

The Rebels are being coached by Weeb Ewbank of the New York Jets of the AFL. Head coach for the North is Mike Holovak of the Boston Patriots.

make it three in five years for Bryant, who formerly coached the three championships give Alabama permanent possession of the AP trophy, which goes to the first team to win three titles since the trophy has been up for competition. The trophy was put up for competition in 1957.

Another trophy will be put up next season.

The final Top Ten, with first-place votes in parentheses, season records including bowl games, and total points on a basis of 10 for a first-place vote, nine for second, eight for third etc:

1. Alabama 37	9-1-1 579
2. Michigan State 18	10-1 479
3. Arkansas 1	10-1 413
4. UCLA 1	8-2-1 391
5. Nebraska 1	10-1 358
6. Missouri	8-2-1 260
7. Tennessee	8-1-2 214
8. Louisiana State	8-3 149
9. Notre Dame	7-2-1 123
10. Southern California	7-2-1 80

Texas Western Is New Power in Basketball

By HAL BOCK

Associated Press Sports Writer

A trip of city slickers from New York have brought schoolyard basketball to cowboy country and nobody at Texas Western minds the infiltration.

The Miners rolled to their 11th straight victory Monday night, whipping Tulsa 63-54 at El Paso, as 5-foot-6 Willie Worsley led the attack with 18 points.

Worsley, reserve forward Willie Cager, and 6-foot-7 Nevil Shed, who says he's an inch taller and is the club's second best scorer, all learned their basketball on concrete courts in New York.

The ninth-ranked Miners started slowly but opened a 13-point lead by halftime and then coasted the rest of the way.

Three other ranked teams including Kentucky, the only other undefeated club, also won Monday night.

Adolph Rupp's Wildcats protected their No. 2 ranking with an 80-70 decision over St. Louis. Pat Riley and Louie Dampier paced Kentucky to its ninth straight, Riley scoring 24 and Dampier 20. Rich Parks led the visiting Billikens with 22.

Top-ranked Duke got 25 points from Jack Marin and 21 from Mike Lewis including 10 for 10 from the floor, and rapped Penn State 83-58, at Durham, N.C. The Nittany Lions, who won the Gator Bowl tourney last week, fell behind early and never recovered as Duke ran its record to 10-1.

Bradley, rated No. 5, scored its 11th victory in 12 starts with a 99-52 romp over St. Thomas of Minnesota. Ed Jackson with 21 points and Joe Allen with 20 led the Braves, who shot a sizzling 58 per cent on their homecourt at Peoria, Ill.

Dayton, 9-1, ripped Xavier 105-79 with sophomore Don May pumping in 45 points, second highest total in Flyer history. Henry Finkel, who scored 44 for Dayton last week, was held to nine, the second lowest total in his three-year varsity career.

Touring Syracuse ran into hot-shooting Creighton and bowed 103-87. Sophomore Wally Anderson led the winners with 23 including 10 of 14 field goal attempts. Syracuse's Dave Bing, averaging 31 points, managed just 20.

Dorrie Murray grabbed 32 rebounds and Lou Hyatt hit 22 points as Detroit whipped visiting West Texas State 68-57. Junior Gee's 20-foot jump shot with 20 seconds to play gave Miami an 88-87 thriller over Utah at Miami, Fla.

In Big Eight conference openers, Kansas ripped visiting Colorado 69-55 with four men in double figures. Kansas State's 7-foot-1 Nick Pino hit 19 points and grabbed 10 rebounds as the Wildcats downed Missouri 78-59 at Columbia. Oklahoma took Oklahoma State 64-53 at Norman.

In Southeastern Conference openers, Tennessee took Tulane 64-46 at Knoxville and Florida nipped Alabama 56-53 at Gainesville, Fla.

Czechs Defeat Denver Team

DENVER, Colo. (AP) — Czechoslovakia's big, smooth-passing national hockey team fired a barrage at Denver University's goal and came away with a 7-3 victory Monday night in an exhibition game in the Denver U. Arena.

Hawks Can't Seem to Win at Memphis

MEMPHIS, Tenn. (AP) — St. Louis' National Basketball Association home away from home is becoming a depressed area for the low-flying Hawks.

The Cincinnati Royals, sparked by Oscar Robertson, Jerry Lucas and super-sub Happy Hairston, whipped St. Louis 130-114 in Monday night's lone NBA game, giving the Hawks 0-3 record at Memphis.

They'll play eight home this season.

St. Louis six under .500 at 15-21 and into a fourth place tie with San Francisco in the league's Western Division. Cincinnati climbed within two games of Boston's Eastern Division leaders with its third victory in four season meetings with the Hawks.

Hairston, an unsung second-year pro who has been making a habit of coming off the Cincinnati bench to ignite rallies, threw in nine straight points in the final minutes of the first half, giving the Royals a 59-50 lead they never relinquished. The 6-foot-7 New York University alumnus finished with 20 points.

Robertson scored 37 points, including 18 in Cincinnati's 40-point third quarter, while Lucas collected 22 points and 19 rebounds.

The Royals, however, lost center Wayne Embry early in the game. The muscular pivotman suffered an eye injury in a collision with St. Louis rookie Jim Washington and was taken to a Memphis hospital for treatment.

Cliff Hagan netted 30 points and Zelmo Beaty 21 for St. Louis, which fell behind 35-19 in the first quarter, then rallied for a 45-40 lead before Hairston and the Royals took charge.

HEALTH HINTS

By DR. CHARLES JOHNSON

APOPLEXY

Apoplexy or stroke, is brought about by the rupture of arteries of the Brain. If this condition does not result fatally it will usually leave one side of the body paralyzed.

There are nerves leading to all blood vessels and control flow and pressure of the blood. It is through this mechanism that Chiropactic adjustments reach the cause of High Blood Pressure and other conditions of the circulatory systems. By removing the cause of High Blood Pressure now you will avert the possibility of a stroke in the future.

Horse Sense—and the Mustang Six

I don't know much about engines.
If mine's smooth, powerful and gives great gas mileage, I'm satisfied.
That's why I got a Mustang Six.

You don't have to be an engineer to appreciate the Mustang Six. Just get comfortable in one of those deep-foam bucket seats, fire up that husky 200-cu. in. powerplant . . . and let yourself go.

Nor do you have to be an investment banker to realize you've made a great buy. Standard Mustang Six luxury includes: all vinyl upholstery; plush wall-to-wall carpeting; padded instrument panel and many other extras at no extra cost.

Sound sweet? Mustang makes lots of nice sounds. Optional stereo-sonic tape is one. Another is money jingling in your pocket, thanks to Mustang Six's meager appetite for gasoline.

See for yourself. Stop in at your Ford Dealer's and test-drive America's runaway success car.

Government Fancies Itself Judge and Jury

This writer is definitely not neutralist in the war that the federal government is making upon businesses which increase prices. The politicians in Washington raise labor costs and then fatuously denounce higher prices to meet those costs as being "inflationary."

The current case is that of Bethlehem Steel which has posted an increase in the price of steel, causing the Washington politicians to say they will divert government orders away from Bethlehem.

But it was the same Washington politicians who intervened when a steel strike threatened last year and forced a wage settlement which materially boosted the cost of making steel.

And it was the same Washington politicians who tacitly admitted inflation is stalking the land by making repeated increases in the pay of federal workers in the last decade.

The opinion of the Washington politicians on the pricing of steel, therefore, is of no more importance than the opinion of any dishonest man who sets himself up to be both judge and jury.

Government may operate at a thundering loss — and has operated at a thundering loss ever since the end of fighting in 1945, under both Democrats and Republicans — but neither the steel companies nor any other private enterprise can do so. Neither could the government if it weren't for the fact that the people as a whole aren't sharp enough to throw an administration out of office every term in which it spends more than taxes bring in.

But the shareholders in private business are sharp and tough. If management can't make a satisfactory profit and can't declare a satisfactory dividend then the shareholders change management — and if a change in management doesn't improve things then the shareholders call for a merger or a liquidation... and everyone is out in the street, labor and management alike.

It is puzzling to the average man how government can keep on operating while spending more than it takes in with taxes, and he may wonder if government does this why private business can't do the same. But government has access to vast trust funds which private business does not.

Government has at its disposal not only the money it collects from taxes but also the tremendous trust fund which it holds for your Social Security.

When tax income is billions of dollars short of covering current expenses government quietly dips into the Social Security trust fund and takes the necessary money, leaving behind a government I. O. U.

Government can do this because the pay-out demands upon Social Security are in the future — waiting on the day when you and millions of others reach the age of 65.

But what will happen when the Age 65ers demand their money and find it isn't there? The government knows what will happen, but it wouldn't be popular for the politicians to tell the truth at this moment.

The truth is that when the Social Security trust fund is threatened with an overdraft the government will have to increase Social Security pay roll deductions and income taxes in order to pick up its I. O. U's from the trust fund.

What a picture! All these political big shots with high-sounding names and grandiose Great Society schemes robbing Junior's piggy-bank while he's sound asleep in his crib!

If I am contemptuous, it is only because these great malefactors in high office are contemptible.

Battle Is on Between U.S. Steelmakers

By STERLING F. GREEN

WASHINGTON (AP) — Under notice that the government won't do business with the price-booster, the bulk of the nation's steelmakers showed wariness today about joining the Bethlehem Steel Corp. in its structural steel price increase.

A matching \$5 a ton increase by Inland Steel Corp. took effect today, four days after Bethlehem's announcement on price boosts for structural steel framings. A small producer, Colorado Fuel & Iron Corp., posted a \$3 increase.

But this was hardly a price parade. Other companies said they were "studying" the question, and giant United States Steel Corp. said that "it may be some time" before it decides what to do.

In an attempt to dissuade the doubtful firms — and thus perhaps to force price rollbacks by Bethlehem and Inland — top military and civilian officials issued orders calling, in effect, for a government boycott of the higher-priced steel.

There was every indication of a concerted drive by the administration and its key supporters in Congress. This raised speculation whether President Johnson was not risking his remarkably durable popularity with business leaders.

But Johnson himself was silent. And the most sensitive index of business psychology, the stock market, reflected neither hysteria nor loss of confidence.

After Secretary of Defense Robert S. McNamara ordered Monday that military contracts for future structural steel delivery be shifted to firms which have not boosted prices, steel shares declined a bit — but this was in a market which already was moving irregularly down.

When Inland Steel announced its price rise, Chairman Gardner Ackley of the President's Council of Economic Advisers described this move as unwarranted and inflationary — the same criticism he had made of Bethlehem's.

Neither servicemen fighting in Viet Nam nor businessmen building new factories and buildings at home will be made happy by the price rise, Ackley said.

Administration officials have denied emphatically any intention to impose price controls. The new orders which went out to purchasing officers actually were no more than strong directives to buy where the government gets the best price.

This could be a powerful weapon, however, for the government directly or indirectly

Driver Runs Auto Into Parked Car

An auto driven by Harmon Hendrick of Nashville hit a parked car owned by A. A. Smith on South Main Street yesterday and heavy damage resulted. The Hendrick auto had to be removed by a wrecker. City Officer Shirley investigated.

Union Leader Arrested in Transit Strike

NEW YORK (AP) — Union leader Michael J. Quill was arrested today for contempt of a court order forbidding this city's bus and subway strike.

A judge Monday night directed that Quill and eight other officials of two unions be sent to jail until they purge themselves by ordering "in good faith" their 34,400 men back to work.

The arrest occurred at noon. While awaiting the arrival of sheriff's men, Quill continued his defiance.

"The judge can drop dead in his black robes," the 66-year-old leader of the AFL-CIO Transport Workers Union declared. "We will not stop the strike."

Shortly thereafter, Quill and his colleagues moved into the contract negotiations room where Quill asserted:

"We're going to compel the sheriff to remove us from the bargaining table as a sign of how collective bargaining is being conducted in 1966."

The Transport Workers Union and the AFL-CIO Amalgamated Transit Union paralyzed the vast city transportation system at 5 a.m. New Year's Day.

Supreme Court Justice Abraham N. Geller Monday night found the union leaders guilty of civil contempt for flaunting the court injunction the city had obtained to block the walkout of 34,400 bus and subway workers.

Geller ordered that the jailing could occur at any time after 11 a.m. today.

Justice Geller, after eight hours of hearing and deliberation

Head of Girls School Named

LITTLE ROCK (AP) — Clifton W. Shepard, 39, has been appointed superintendent of the Arkansas Girls Training School at Alexander, effective Jan. 15.

Gov. Orval E. Faubus announced the appointment Monday filling a post vacated last Dec. 19 when Mrs. Mary Cooper resigned because of what she said were too many problems. Shepard has been the acting superintendent at the school.

Shepard had served the Arkansas Boys Training School at Pine Bluff from 1957 until taking the job at Alexander in December.

Enemy Strikes Back at U.S. Paratroopers

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP) — Large Viet Cong forces struck back to night at South Korean marines and Vietnamese paratroopers on a search-and-destroy mission near the coastal city of Tuy Hoa, 240 miles northeast of Saigon.

A U.S. spokesman said the allied force, supported by artillery, killed eight guerrillas and captured eight while taking light casualties. This raised the number of Communists claimed killed in the operation to 180.

The outbreak of fighting shifted attention from the Mekong Delta west of Saigon. The 173rd Airborne Brigade sloshed through the swamps around Bao Trai, 20 miles west of Saigon, but did not come in contact with the main guerrilla elements in the area. One brief skirmish, however, produced casualties on both sides, U.S. spokesmen said.

The suspension of U.S. air raids on North Viet Nam continued for the 12th day with no indication when orders would come from Washington to resume the attacks. U.S. planes last attacked the Communist north just before the start of the 30-hour Christmas cease-fire on Dec. 24.

As air attacks continued in the south, a Navy Skyrider supporting the 173rd Brigade

Negro Student, Civil Rights Leader Shot to Death at Tuskegee

Cloudy Skies Prevail in the South

AP News Digest

Viet Nam
President Johnson is expected to continue his peace offensive, including the North Viet Nam bombing pause, to give Hanoi ample time to decide on negotiations.

Saigon roundup.
Transit Strike
Michael J. Quill and eight aides get court's ultimatum: end the transit strike or go to jail.

New York executives run their own errands, open their own mail and get their own coffee as the transit strike keeps some "unessential" help home.

Washington
With notice that the government won't do business with the price boosters, major steelmakers show wariness about joining Bethlehem Steel and others in increases.

International
Indian Prime Minister Lal Bahadur Shastri and Pakistani President Mohammed Ayub Khan begin peace talks in the Soviet Union.

Like many an Irish argument, the north-south herring war started with a gesture of goodwill.

Politics
Actor Ronald Reagan is prepared to announce he'll seek the Republican nomination for governor of California.

ARKANSAS
State Rep. David J. Burleson says he will oppose Rep. J. W. Trimble, D-Ark., in the Democratic primary this summer.

The chairman of the state Republican Party has urged that a special election be called immediately to fill the congressional seat to be vacated by Rep. Oren Harris, D-Ark.

Police Take White Man Into Custody

TUSKEGEE, Ala. (AP) — A Negro college student and civil rights leader was found shot to death today and a white man was taken into custody by police.

Hundreds of Negroes, students from Tuskegee Institute, marched downtown to the spot near a taxicab stand where the slain youth was found.

The youth was identified as Samuel Young Jr., 22, a Tuskegee Institute student and field secretary for the Student Nonviolent Coordinating Committee. Fellow students said Young took part last week in erection of tents in Lowndes County for Negroes who said they were evicted by white landowners for voter registration work.

A white man from near by Shorter, Ala., was held by police for questioning. His name was withheld and no charges had been placed against him while an investigation was under way.

The Tuskegee students marched from the nearby campus to the downtown area. They went to the spot where Young's body was found and then to the town square facing the courthouse for songs and prayer.

Young's mother is a school teacher in Tuskegee. Friends of the family said his father was a former Veterans Administration employee here and now works for the job corps in North Carolina.

Fellow students said that Young belonged to the Tuskegee Institute Advancement League, a civil rights group, and had been a leader in unsuccessful attempts to integrate white churches here and the city-owned swimming pool last summer.

The death brought a call from John Lewis, the SNCC national chairman in Atlanta, for resident Lyndon B. Johnson to send federal marshals into Macon County (Tuskegee) and 10 other Alabama counties to protect Negroes and civil rights workers.

\$108 Million Hole to Probe Into Earth

WASHINGTON (AP) — A full-speed-ahead order has been given to start building the huge ocean-going drill platform for "Project Mohole." It was learned today.

"Mohole" is a \$108-million venture by the American government to drill a hole six miles deep through ocean and earth in man's deepest penetration of the planet.

The assault — expected to have a rich scientific pay-off — is scheduled to begin in late 1968 or early 1969, and take about three years.

The project is aimed at getting new knowledge of the earth's origin, structure and minerals — and of how Mother Earth brews her devastating earthquakes and volcanoes.

Geophysicist Gordon Lill, Mohole project manager for the National Science Foundation, told a reporter a go-ahead order, effective today, has been given the National Steel & Ship Building Co. of San Diego to proceed with the construction of the weird drill device whose floating platform will be bigger than a football field.

Lill said preliminary work on actual construction would include driving some huge pilings into the harbor floor, and tearing away part of a pier to make the state highway Department, to succeed Cobb on the Workmen's Compensation Commission.

Republican Named Court Justice

LITTLE ROCK (AP) — Gov. Orval E. Faubus today named Osro Cobb, a Republican, to fill a pending vacancy on the Arkansas Supreme Court.

Cobb, a Faubus appointee as chairman of the state Workmen's Compensation Commission, will succeed Justice Sam Robinson when Robinson retires Jan. 9.

Although Cobb is a Republican, he has fallen out with leaders of the state GOP, notably Winthrop Rockefeller, who ran unsuccessfully against Faubus in 1964 and has declared himself again for governor again this year.

Cobb backed Faubus against Rockefeller in the 1964 race.

Faubus also named Mark Woolsey, chief counsel for the state Highway Department, to succeed Cobb on the Workmen's Compensation Commission.

Budget Will Go Around \$115 Billion

WASHINGTON (AP) — The White House predicted today the new federal budget will be \$110 billion to \$115 billion — certainly not less than \$110 billion.

White House press secretary Bill D. Moyers said original requests from government agencies of about \$125 billion for fiscal 1967, which starts July 1, have been pared to slightly less than \$115 billion up to this point.

He said he does not want to suggest the figure is final because several items of several hundred million dollars each are still in question. He did not specify any of these items, but said they range across the board — through national defense and domestic programs.

Work on the budget, Moyers told reporters, has moved ahead in the past few weeks to the point where the administration no longer is actively thinking of asking Congress to extend the deadline for its submission. The law requires submission of the budget to Capitol Hill within 15 days of the new session. The 1966 session begins Monday.

New Trial for Slayer of Husband

MALVERN, Ark. (AP) — A new trial has been granted for Mrs. Bonnie Hunter of Hot Springs convicted in the fatal shooting of her husband Sept. 8.

Mrs. Hunter is now free on \$2,500 bond. She was sentenced to two years in prison.

Circuit Judge Henry B. Means granted the new trial Monday but said the second trial might not be held until April or May because of a heavy court docket.

Means granted the new trial after the FBI said handwriting on three alleged suicide notes submitted by Mrs. Hunter was that of her husband.

Writer Believes, Speaking Economically, Outlook for the World Is Pretty Mixed

By HAL BOYLE

NEW YORK (AP) — Don't throw bricks in '66. As best we can make it out, 1966 will be a poor year in which to rock the boat — and a good one in which to learn the art of walking on eggs.

The road signs say, "Go slow" and "Sharp curves ahead."

Economically speaking, the world outlook is mixed. This means that in most countries the rich will get more money and the poor will get more promises.

On the international front these possibilities cannot be overlooked:

Charles de Gaulle of France will offer to go to China to launch a worldwide peace offensive. The NATO nations will immediately offer him a rowboat in which to make the journey.

Moscow will claim new evidence to prove that the swivel chair, paper clip and bubble gum were originally invented by 19th century Russian scientists working in Minsk, Pinsk and Omsk.

Prime Minister Harold Wilson of Britain will announce to a startled Parliament that an elderly baronet on a bird-watching trip to Wales has sighted a crossbilled twitwhatch, a species believed extinct. Later, in an emergency apology broadcast over BBC, he will declare that fuller investigation has disclosed the bird in question was

actually a grosstitted hatch-bird, a bird of quite a different feather.

The man in the moon will appeal to the United Nations for relief, asserting that the noise level of rocket-firing space craft are threatening to make his life unendurable.

In a peace move in the war over highway beautification, the billboard people will offer Lady Bird a post as their industry arbiter.

President Johnson will sign an executive order granting Vice President Humphrey an airlines credit card good for trips anywhere in the world. He will use 102 pens — a record — in signing the order.

In other fields look for:

Education — Harvard will award an honorary degree as doctor of literature to Cassius Clay "for inestimable contributions to the English language."

Sports — Some poor football team will sign a college quarterback for \$50 a week plus room and board but insist that he pay for his own laundry.

Medicine — A new wonder pill will be developed that won't cure you of anything but will make the payment of doctor bills less painful. The American Medical Association will oppose it as another step to socialized medicine.

All in all, 1966 promises to be a busy, exciting year full of thrills. Just take it easy — and don't cross the streets in the middle of the block — and you may make it safely to 1967.

Fayetteville Man Opposes J.W. Trimble

LITTLE ROCK (AP) — State Rep. David J. Burleson of Washington County says he will oppose Rep. J. W. Trimble, D-Ark., in the Democratic primary this summer.

Burleson, 45, a Fayetteville attorney, said Monday he would file today with Secretary of State Kelly Bryant.

Burleson said Trimble's age and physical condition were factors in his decision to oppose Trimble for the 3rd District congressional seat. Burleson is 45 and Trimble is 71.

Trimble was ill with a kidney ailment in 1963, but he recently said his health was good.

Burleson said the race would be a hard one and pointed out that he and Trimble were friends. "My campaign won't be based on criticism of him," Burleson said.

The state apportionment plan has increased the 3rd District from 18 to 25 counties, adding Garland, Pike, Hempstead, Montgomery, Little River, Polk, Sevier and Howard counties. The plan places Baxter County in the 2nd District rather than the 3rd District.

Burleson is a native of Auburn, Ala., but has lived in Fayetteville 41 years. He has degrees in business administration and law from the University of Arkansas. He began practicing law in 1950.

He has served as a state representative for four terms.

State Land Commissioner Sam Jones became the first state constitutional officer to file for re-election.

Jones, 54, filed for a sixth term as land commissioner after Bryant opened his ledger for political filings Monday.

Jones has filed for re-election each two years since he was elected in 1956.

The opening day of filings saw four persons file for the Senate and four for the House.

Max Howell, Jim Brandon and Dan Sprick filed for the Senate from the district composed of Pulaski and Lonoke counties and Donald J. Brown filed for a position representing Union County.

Those filing for the House were Allen Dishongh and Cal Ledbetter Jr. for Pulaski and Perry counties, H. Murray Claycomb for Jefferson and Grant counties and F. L. (Hugh) Beasley for Garland County.

Tom F. Digby, a North Little Rock attorney, filed as a candidate for circuit judge in the 3rd Division of the 6th Circuit, Pulaski and Perry counties.

Asks Special Election for Harris' Seat

LITTLE ROCK (AP) — John Paul Hammerschmidt of Harrison has urged Gov. Orval E. Faubus to call a special election to choose a successor to Rep. Oren Harris, D-Ark.

Harris announced last month that he would resign his 4th District congressional seat on Feb. 3 to accept a federal judgeship.

Hammerschmidt, the state Republican Party chairman, said in a statement Monday that those in political power in the state "have not acted responsibly to fill the upcoming vacancy... even though they have secretly known the facts since last Aug. 12."

"There had been speculation that Harris, who was appointed to the judgeship last summer, had been urged to stay in Congress until the regular primary dates neared to avoid a special election."

Such an election would not require a majority and, according to some Arkansas sources, a minority candidate could win.

Hammerschmidt cited what he termed a perfect example of a precedent for such an election "without time-consuming primaries preceding it." His example was the 1961 special election of Mrs. Catherine Norrell to fill the unexpired term of her late husband, Rep. W. F. Norrell.

Hammerschmidt said had those in political power in the state "acted responsibly, plans would already have been announced to elect a successor to Rep. Harris without delay."

He said Arkansas will have only three representatives in Congress for a time, which would deny the state one-fourth of its representation in the House.

"The only solution to this dilemma, purposely created by those who hold the political power in our state, is an immediate majority election," the statement said. "We urge the governor to call such an election immediately."

All Around Town

By The Star Staff

Thirty from Hope are among the record 2,228 students enrolled at Southern State College for the fall semester. They are Terry Allen, Hohn Billing, Tommy Bright, Virginia Edwards, Paula Ehrhardt, Sharon Frith, James Fouse, David Grinnett, all freshmen. — Carlton King, Harry Ray McMahon, Vincent Terry Allen, John Billing, Tommy Still, Jerry Waller and Dick Willis, also freshmen. — the sophomores include Patricia Davis, James Hankins, Dorothy Hatfield, Robert Mitchell, Judy Owen, William Reyenga. — and the juniors include Paul Cobb, John Pierce, Tommy Power, Linda Scroggins and Edith Taliaferro. — the seniors are James House, James McPherson, Ronnie Smith, Bob Stewart. — those enrolled at Southern State are from 55 Arkansas counties, 24 states, Columbia, El Salvador, Iran, Korea, Kuwait and Thailand.

C. M. Rogers and a gang of newboys who attended the Cotton Bowl game were real excited by the big parade. — when the Queen's float passed it had a Marine escort. — one of the

Marines was none other than Jackie Lauterback, a former Star newboy. — he is the son of Mr. and Mrs. Harry Lauterback of Hope.

All insurance agencies of Hope will be closed during the funeral of R. T. White which will be held at 11 a.m. Wednesday.

The regular monthly meeting of the Hempstead County Farm Bureau Board of Directors will be held Thursday night, Jan. 6, at the Bureau office and a potluck supper will be held at 7 o'clock, according to President Lester Kent. — plans will be made for the annual membership drive to be held in February.

Hempstead County Wildlife Association will meet Thursday night at 7:30 o'clock in the little courtroom at the Hempstead Courthouse.

There will be three basketball games tonight at Jones Field House with the Hope and Emerald Junior and Senior girls and B boys meeting. — the first game is set for 6 p.m.

Veteran's Hospital Chief Is Selected

FAYETTEVILLE, Ark. (AP) — Earl S. Nickle, 55, a graduate of Arkansas State Teachers College at Conway, has been appointed director of the Veterans' Administration Hospital at Fayetteville.

Nickle will succeed Dr. Lloyd B. Andrew who retired after 30 years of federal service. Nickle began his career with the U.S. Department of Agriculture at Washington in 1933. He was the director of a VA hospital at Sioux Falls, S.D., before accepting the job here.
